

HOME DINING PACKAGE

chef prepped and ready to serve

We understand that not everyone has access to barbecue facilities or prefers to host events in the comfort of their own home. That doesn't mean you can't enjoy the taste of Argentina. That's why we've crafted two home dining package menus tailored for this purpose. Enjoy chef-prepped, pre-cooked and ready to eat party packages, perfect for 10-12 guests, delivered right to your doorstep.

The package includes eco-friendly disposable plates, cutlery, napkins, chimichurri sauce, and local delivery
